The Officer-in-charge,
Central Electricity Board,
Muar.

Dear Sir,

We wish to express our thanks for your kind assistance in regards to the planning of wiring to our new school premises and the teachers' quarters at Jalan Junid and we take this opportunity to inform you that such wiring are now completed by the contractor Kong Meng Electric Co.,

We shall be glad if you will kindly consider supplying energy for lighting our school. As you know this school is a public concern which is the biggest project ever achieved by the people of Muar, and it is considered of utmost importance to have electric supply to the buildings.

We are fully aware of your present difficulty and we shall co-operate with you if you will consider enough supply to illuminate a few key points and the quarters. As regards to the classrooms which can be deferred as they are not being used during the night-time at present.

We solicit your kind co-operation and hope to hear from you at your early convenience.

Yours faithfully,

(Goh Chee Hian, J.P.)
