JPJ. SULIT 059/(33)

=====

I have the honour to acknowledge with thanks the receipt of your letter dated 18.11.69 under reference JPJ.Sulit 059/(33) and I have felt greatly alarmed at the receipt of the contents of the letter. I have depended on teaching for my livelihood for the past 17 years. If I had acted in any way against the Government, I would have been ceased employment or dismissed long ago. It is likely that in the school I have offended some members of the teaching staff, or I have punished some students or I have offended some members of the public inadvertently that they have accused me and done harm to me causing me to lose my job and causing the whole of my family to be without rice to eat. I beg therefore to append hereunder the reasons for favour of your kind consideration to withdraw the Notice for the cancellation of my Teaching Permit:-

1. I have been teaching in the Chung Hwa High School, Muar for the past 17 years.
2. I am a Biology teacher specializing in research work for Biology.
3. I have always complied with the Educational Ordinance and I have never joined any political party or take part in politics. I am a Member of the Kwangtung Huay Kuan, The Khok Association, The Muar Chinese School Teachers Association and the Kah Yin Thong Sheong Fui, Muar.
4. I am loyal to His Majesty, the Yang di-Pertuan Agong and Malaysia.
5. On Merdeka Days and Solidarity Weeks, I go with the students to participate in the ceremony.
6. During the confrontation days, I also did my duty to defend the country as a Vigilante Corp taking up night patrol duties.
7. It is likely that I have offended some people inadvertently that they have accused and done harm to me for their private reasons.
8. If I had had wrong ideas, I would not have served in the Chung Hwa High School, Muar for 17 years.
9. My son is now a student in the Chung Hsing University, Taiwan studying Agriculture.
10. If I had done anything against the Government or against the law, I would willingly accept the punishment of the Government even if I had to undergo capital punishment.

I am a Subject of His Majesty the Yang di-Pertuan Agong and I feel indeed rather very proud and fortunate. Ever since Merdeka and under the leadership of Bapa Malaysia, Tunku Abdul Rahman, our Nation has not only been very prosperous but the reputation of our Nation has become very well-known all over the World too. All our Citizens have been living peacefully and happily together. I earnestly feel very grateful and I have no reason whatsoever to do anything harmful to the country.

The livelihood of my whole family depends on me and I solely depend on teaching to take care of my family. I earnestly pray that I be given the opportunity to continue with my teaching to enable me to support my family. I hereby earnestly submit to your honourable my appeal hoping that this my unfortunate case would be favourably considered and accepted.

I have the honour to be,

Sir,

Your obedient servant,

(Chin Pu Yun/Chin Peng Kwee).
