Dear Sir,

Re:- New School Buildings.
=====

We thank you for your letter MMH/CSF:CSJ/I/G
20(a)/1 dated 30th ultimo and have accordingly
acquired an extra copy which we have despatched
under separate cover. The set consists of the new
school building plans together with the plan of
the proposed type of teachers' quarters and hostels
to be built at the side of the new site.

The main building is nearing the stage of
completion and everything has been done to move
into the new building at the beginning of next term.

We have submitted an application to the
Town Council for water supply with an appeal for
consideration. We solicit your kind assistance
in this connection which will be beneficial to
all concern.

Yours faithfully,

for
The Supervisor,
Chung Hwa High School.
Muar.
