Dear Sir,

I understand that in addition to your new classrooms you are planning some teachers' quarters and hostels on your new site. Might I please see the plans for those before work on them is started.

2. If you have a spare copy of the layout-plan of your new school I should be most grateful for it for office records. At present we have none and I did not see your plans originally I have very little idea of what work is actually being done.

3. May I know whether it will be possible to move into your new school at the beginning of next term?

Yours faithfully,
